• **Note from the Principal**

I wanted to Thank everyone for their patience and support to ensure that all students get to school safely! We truly appreciate everyone's support! To handle the large volume of cars both picking up and dropping off we will allow cars to enter the BUS loop and the CAR loop.

If you decide to use the BUS loop, we are asking that you stay to the right along the curb and pull forward as far as you can. Please look for the school staff to motion when to pull forward and when to stop to ensure the safety of all of our students. We will be keeping this single file line moving and ask for your patience in this drop off/pick up procedures. In the afternoon, we will be loading cars from both the CAR loop and the BUS loop and again ask that you are patient and pull forward completely.

The busses will also use the bus loop and will be asked to stay to the left side of the bus loop and to pull forward when loading and unloading the students. During this loading and unloading we will be stopping all cars in the bus loop to ensure the safety of our bus riders getting to the sidewalk. There will be additional staff and cones to help in directing traffic. ~ Jonathan Davis
